

Massachusetts Chemistry & Technology Alliance (MCTA) and
The American Chemistry Council (ACC)

Policy, Perception, Process Safety & Engagement

Chemistry Industry Engagement Workshop

When: April 30, 2024

Where: DuPont de Nemours, Inc., 455 Forest Street, Marlborough
Advanced Technology Building

Registration: 8 am

Program Start: 8:30 to 1 pm (Lunch Provided.)

Description

This workshop will provide participants with information on policy challenges and opportunities facing the business of chemistry in Washington DC, Massachusetts and states throughout the country. Regardless of your organization's role – manufacturer, distributor, transporter or logistics manager – in the chemical value chain, these policy challenges have an impact on your operations as does the industry's response. Speakers will address these major challenges and opportunities facing the industry both in Massachusetts and across the nation and lay out strategies on how to stay proactive on the issues they face including process safety, community outreach, chemicals management and environmental stewardship. In addition to the policy discussions, participants will have an opportunity to learn about ACC's Responsible Care Program, a model for improving industries' environmental, health, safety and security performance and various tools and resources available to MCTA members. Whether your organization participates in ACC's Responsible Care program or another industry performance improvement initiative, please join us as we share exemplary practices and lessons learned to support continual EHSS improvement.

Registration Required

Agenda:

- | | |
|----------|---|
| 8 am: | Registration |
| 8:30 am: | Welcome, logistics and antitrust reminder |
| 8:45 am: | Federal/Regulatory Affairs, Dr. Kimberly Wise White, ACC <ul style="list-style-type: none">• Regulatory Policy• TSCA Implementation/ Chemicals of Interest• Environmental Justice• Air Monitoring• National Policy Priorities |
| 10:15 am | Massachusetts Legislation, Policy & Regulation, Katherine Robertson, MCTA, and Raza Ali, ACC <ul style="list-style-type: none">• State Process & Policy• PFAS |

- Air Permitting
- TURA
- Emerging Issues
- 10:15 am Break
- 10:30 am Building Community Dialogue, Kelly Montes de Oca, ACC
 - Understanding Reputation & Industry Perception
 - Communications & Tools
- 11 am The Responsible Care Model & Its Value to Your Facility, Dan Roczniak. ACC
 - Central Themes
 - Measuring & Improving Industry Performance
 - Metrics
 - Industry Process Safety Results
 - Numbers behind the numbers
 - Potential causal factors
 - Massachusetts results
- 11:30 Working Lunch, Group Activity & Sharing Forum
- 12:30 Tour of DuPont (Limited Space)
